

We help leading researchers and companies **secure funding** for biomedical and healthcare Innovations

Catalyze is a market leader in **obtaining funding for biomedical and healthcare innovations**

We are Catalyze, a market leader in obtaining funding for biomedical and healthcare innovations, as well as for projects in the related ICT, eHealth and big data fields. We help leading researchers and companies secure financing for ambitious R&D projects, from early stage pre-clinical research up to clinical stage development. In our strategy we combine subsidies, loans and venture capital, tailored to your plans and ambitions. Catalyze supports a variety of Life Sciences developments including, but not limited to, diagnostics, pharmaceuticals, medical devices and healthcare solutions. We have a strong passion for the latest technological innovations and our top consultants work with the best clients and projects in Europe and beyond.

Catalyze[®]
CARRYING IDEAS FORWARD

About Catalyze

What we do

Define your funding strategy and advise you on the upcoming funding opportunities

Build strong commercial propositions to attract funding

Help secure your non-dilutive funding

Help attract government secured loans

Help attract venture capital investors

Our Approach

The development of new biomedical innovations is a complex process of many years. Next to the many technological challenges you face, the availability of financial resources has major impact on realizing the strategic objectives of your organization. This is where Catalyze can make a difference. We are your reliable partner to secure the funding to realize your goals, while you stay focused on your R&D program.

If you are interested in our services, please contact us at info@catalyze.nl or +31 20 723 44 00

Make yourself attractive for funding and investors

Our Experience

At Catalyze we have raised more than 400 million Euro in funding and a strong track record raising funding through, but not limited to, HORIZON2020, Eurostars, NIH, EuroTransBio, IMI, ERC, ERA-NET, EFRO, regional funds and patient organizations. Our team is also experienced in government secured loans, fiscal stimulus programs and raising financing through our investor relations.

Our Network

Truly unique is our network of more than 900 reliable partners, which constitutes of companies, (academic) research organizations, medical hospitals, patient organizations and European Associations. Our network is ideally suited for consortium building. Catalyze will find you the appropriate partners who can help you succeed in your product development, and build the strongest partnerships to increase the chances of raising funding.
